

CPAP SUPPLIES

Eligibility

IS may cover the cost of CPAP Supplies every 12 months; including mask, headgear, hose, and 12 filters.

CPAP Supplies are provided at the same rates established between the Alberta Aids to Daily Living (AADL) program and Respiratory Specialty Suppliers.

If the Respiratory Specialty Supplier does not honour the AADL pricing, the client may select a different Respiratory Specialty Supplier that does.

Substantiation for CPAP Supplies

The client provides one vendor quote for the Supplies needed. The quote should indicate the vendor name and address, the CPAP supply brand name, and the cost.

Generally, with normal use CPAP Supplies are expected to last at least 12 months. There may be circumstances where clients request repairs to their CPAP Mask. Seal Kits for CPAP masks range from \$50 to \$100, and may be provided when it would not be cost effective to provide a new mask.

Non-Essential CPAP Supplies, such as Orthopedic CPAP pillows, are **not** covered as they are not medically essential for the proper use of a CPAP machine.
