BACKGROUND:

Effective April 1, 2014 Human Services transferred responsibility for funding of occupational training programs that are twelve weeks or longer in duration to Student Aid Alberta. The Learner Funding Alignment Strategy reduced duplication and overlap of government funding programs to ensure that Albertans attending the same training and education programs receive equitable access to government funding.

INTENT:

The Occupational Training policy has been further reviewed to ensure that the policy currently supports programs less than 12 weeks in duration.

POLICY:

The following ETS policy has been updated:
