

Subject: Career and Employment Information Services Grant Policy

Number: ETS-2017-007

Date Issued: June 29, 2017

Effective Date: June 29, 2017

Issuer: Dale Beesley
Acting Executive Director
Financial Supports

Distribution: **Community and Social Services**
Delivery Services Portfolio

BACKGROUND:

As a result of government restructuring of career, employment and training programs and services over the past several years, Community and Social Services (CSS) lost a grant-making tool that would allow regional staff to establish grants for the purposes of delivering specific types of career and employment projects to support Albertans.

To address this issue, a new Career and Employment Information Services (CEIS) grant policy has been developed.

This new policy will be used in conjunction with other CSS grant requirements as outlined in the policy.

A new CEIS Grant Policy Template has also been created to support implementation of the new CEIS grant policy.

INTENT:

This policy is designed to provide a mechanism for CSS Regional staff to offer support for Career and Employment Information Services projects to various organizations, municipalities, Indigenous organizations etc. via grant funding.

POLICY:

The following Employment and Training Programs and Services policy has been created:
