---

**BACKGROUND:**

The updated Performance Measures policy enables the alignment with the federal reporting requirements for the Canada-Alberta Labour Market Transfer Agreements (LMTAs). Previously, the Performance Measures policy included the measurements of 90-day (3-month) and 180-day (6-month) follow ups. However, the LMTAs only require follow ups at 90 days and one year.

The use of follow up measures above the minimum may be deemed appropriate where the intention is to provide the client with extended case management and/or employment maintenance support after completing a training program. This discretion is left to Delivery Services Portfolio Contract Services area. The following policies are now updated in accordance with the Performance Measures policy:

- Job Placement
- Alberta Job Corps

- Disability Related Employment Supports – Business Process
- Overview

**INTENT:**

The 180-day follow up is not a minimum performance measure requirement and has been removed from the policies listed below.

**POLICY:**

The following policies have been updated:
