MESSAGE:

Service Canada/Employment and Social Development Canada (ESDC) has asked the Government of Alberta to forward information regarding reporting instructions to staff and training providers working with individuals in receipt of Employment Insurance (EI) benefits.

EI recipients who are on break from approved full-time training during the Christmas period (December 23, 2016 to January 2nd, 2017) should continue to report "YES" to the training question when reporting to ESDC. When asked the number of hours attended, they are to indicate at least one hour of training in each week of the break period.

If the recipient is required to complete paper report cards, they are to include in the space provided that they are on 'BREAK' in addition to the instruction above.

EI recipients reporting 'NO' or 0 hours to the question asking if they are in training may have their reports rejected.

Service Managers assisting individuals in receipt of Part 1 EI benefits are requested to advise training participants accordingly, to minimize any interruptions to their benefits.
