MESSAGE:

Mobius program codes are used to track program participation and expenditures. Accurate coding is essential to our collective ability to track and manage programming.

The following new Mobius program codes have been added to distinguish between programs shared by Advanced Education and Labour:

- Integrated Training (contract-based) 761
- Immigrant Bridging (contract-based) 742

The [Mobius Program Code chart](#) has been updated and posted under the Employment and Training Tools and Resources section for easy reference.
