MESSAGE:

National Child Benefit Supplement (NCBS) rates have been increased effective July 2014. This benefit assists with the costs of raising children under 18 years of age.

Alberta Human Services assumes that Non-Employment Insurance (Non-EI) learner households are receiving the maximum NCBS.

The NCBS Fact Sheet is a tool that provides information to Non-EI learners to help them understand how the NCBS impacts their Income Support benefits. The fact sheet also includes directions about what to do if a learner household is not receiving the maximum NCBS amount. The NCBS Fact Sheet has been updated to reflect the increase in benefit rates.
