MESSAGE:

Alberta receives funding for employment and training programs through the Labour Market Transfer Agreements. These agreements have updated data collection requirements.

The Learner Income Support Application Full-Time Study along with the Completion Instructions have been modified to reflect these requirements. The updated application form captures the mandatory data fields required for reporting to the federal government.

For your reference, see below for the link to the updated application form. Please destroy any older versions of the application form and completion instructions and ensure learners are using the updated form.
